Columbia, South Carolina 29210

**Re: Duke Energy Progress, LLC's Establishment of Solar Choice Metering Tariffs  
Pursuant to S.C. Code Ann. Section 58-40-20  
Docket Nos. 2020-265-E**

Dear Ms. Boyd:

Please allow this letter to provide notice to the Public Service Commission of South Carolina (the "Commission") that, pursuant to Order No. 2021-390, Duke Energy Progress, LLC ("DEP" or the "Company") has submitted new tariffs by email to [etariff@psc.sc.gov](mailto:etariff@psc.sc.gov) for filing on the Commission's E-Tariff system. The submittal included the Interim Residential Solar Choice Rider and Non-Residential Solar Choice Rider, which will be effective beginning June 1, 2021. Also included in the submittal were the Residential Service, Solar Time-of-Use Tariff and the Residential Solar Choice Rider. The effective date of the Tariff and Rider is January 1, 2022.

Additionally, the Company has submitted several revised tariffs to the E-Tariff filing system. These tariffs have simply been updated to include reference to the Interim Residential Solar Choice Rider and/or Non-Residential Solar Choice Rider and will all be effective beginning June 1, 2021.

The tariffs being filed align with the Commission's Order No. 2021-390. DEP provided the tariffs and riders to the South Carolina Office of Regulatory Staff ("ORS") for its review in advance of this filing.

By copy of this letter, I am serving all parties of record via electronic mail.

Sincerely,

Heather Shirley Smith
